

ALASKA'S OIL, GAS AND MINING PRIORITY OCCUPATIONS	
ADMINISTRATIVE & PROFESSIONAL	FIELD INSPECTORS
Administrative Managers & Supervisors	Non-Destructive Examiner Health/Safety/Environment Inspector
Accountants	Civil Inspectors
Administrative Aides	Coating Inspectors
Buyers/Procurement (Supply Chain Manager)	Electrical Inspectors
Clerks	Environmental Inspectors
Contract Specialists	Instrumentation Inspectors
Document Controllers	Mechanical Inspectors
Human Resources	Telecommunication Inspectors
Information Technology Systems	Welding Inspectors
Internal Auditors	
Payroll	
Secretaries	
	HEALTH & SAFETY (H&S) H & S Compliance
	Emergency Medical Technicians
	Fire Fighters
	Industrial Hygienists
	Paramedics
CAMPS & CATERING	
Cooks / Prep Cooks	
Stewards	Maintenance – Light
ENVIRONMENTAL	LOGISTICS
Cleaners (Industrial)	Airplane Pilots
Water/Waste Water Operators	Barge Operators
Archaeologists	Bus Drivers
Biologists	Deckhands/Stevedores
Geological Tech Engineers	Divers
Hydrologists	Flag
Water or Air Specialists	Flight Attendants
	Helicopter Pilots
EQUIPMENT OPERATORS	Light Truck Drivers
Heavy Truck Drivers	
Drill Operators	
Mobile Equipment Operators	
Crane Operators	
OPERATIONS & MAINTENANCE	OFFICE & FIELD ENGINEERS
Carpenters	Chemical Engineers
Electricians	Civil Engineers
Machinists & Millwrights	Electrical Engineers
Maintenance General / Mining Mechanic	Mechanical Engineers
	Operations Managers & Supervisors
Pipe Fitters	
Drill Rig Operators	
Instrumentation Miners	
Miners	
Telecommunications Diesel Mechanics	
Heat and Frost Insulators Laborers/Nippers/Utilities	
Mechanics Painters	
Painters Pipe Coaters	
Welders	
	PLANT & PRODUCTION OPERATORS
	Mill Operators
	Control Room Operator
	Oil & Gas Operator
	Process Technician
	Power Plant Operators
	SECURITY
	Guards/Watchmen
	Wildlife Control

Red Bold Underlined = Predicted Shortages Blue Bold = Concern

Green = Available and Essential

ALASKA'S OIL, GAS AND MINING PRIORITY OCCUPATIONS

TIER ONE PRIORITY SHORTAGE	TIER TWO PRIORITY CONCERN	TIER THREE PRIORITY AVAILABLE
<p>Shortages are projected to exist in these occupations through 2016. Employers may be unable to fill vacancies. Projects and work maybe halted or delayed due to these shortages.</p> <p>Employers are projected to find it increasingly difficult to fill these vacancies. Several variables indicate that if the flow of qualified workers in these labor pools does not increase, shortages will result.</p>	<p>These occupations are essential to the oil, gas and mining industries. Employers currently do not experience significant difficulty in filling vacancies.</p>	<p>Light Truck Drivers Maintenance – Light Material Inspectors Mechanical Inspectors Mechanics Non-Destructive Examiner Oil & Gas Operators Power Plant Operators Painters Paramedics Payroll Pipe Coater Schedulers/Planners Secretaries Supply Chain Managers Surveyors Telecom Inspectors Water or Air Specialists Welders Welding Inspectors Wildlife Control</p> <p>Environmental Inspectors Expeditors Fire Fighters Flag Flight Attendants Fork Lift Freight Handlers Fueling Handlers Geographic Information Systems Specialists Geological Tech Engineers Guards/Watchmen Helicopter Pilots Human Resources Hydrologists Industrial Hygienists Information Technology Systems Instrumentation Tech Instructors Document Controllers Drafters Electrical Inspectors Emergency Medical Technician Lab Technicians Laborers/Nippers/Utilities</p>
